## **New Policy to apply Medically Unlikely Edits (MUE) to contracts that pay per percentage (%) of billed charges**

Dear Provider,

Beginning **January 1, 2023**, Aetna Medicaid will apply MUE reduction to contracts that pay per percentage (%) of billed charges as a part of our claim edit process.

### **How will this impact me as a provider?**

You may see additional denials for claims where the number of units exceed MUE limits for Medicare and Medicaid, and the denials will apply to contracts that pay per percentage (%) of billed charges.
